

Q: What are some things you appreciate and some concerns you have about our school this year?

I see and work with many committed educators who do their best to reach all students; however, these teachers need more support in the classroom if they are to continue to have the proper energy and time for all students in our care.

Division Staff and Community Members

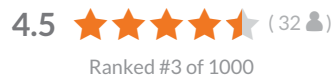

I love the fact that the class sizes are smaller again and classrooms/resource rooms are being used as intended rather than for other purposes due to overcrowding.

Brookwood School

The effort the teachers put into each student Makes the kids feel a sense of worth in the school

Connections for Learning

Cfl is an amazing program. We are very lucky to have such an "out of the box" teaching style classroom. I firsthand see how powerful this program is. This benefits a broad range of students, from students who excell and learn much faster than thier peers, to students who struggle.

Connections for Learning

I appreciate the warm welcome I always receive when I walk in the front office, Mrs. P Dolhagaray and Mrs. A Pollock are always so kind. They always have great advice, are endlessly patient with the kids and are a great team. We are lucky to have them!

High Park School

I love how the Principal is one the first faces they see in the morning as they walk in the door it's important they see each other. The children know her welcoming presence and she can check on who is lonely and walking without meeting eyes

Muir Lake School

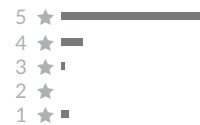

Concerned there is not enough support for students who require extra support/guidance re: behavior, academics, social/emotional development Students are not receiving what they need to be most successful. Teachers are at a loss to support some students in such full and inclusive classes

Division Staff and Community Members

The fact that students are able to hurt staff and students are not being held accountable because they have behavior issues. This is impacting the wellness of other students, and staff.

Division Staff and Community Members

A concern I have is that our gymnasium at Copperhaven has yet to be completed. Physical education, being active, physical literacy, the ability to burn off energy, matters to our children.

Copperhaven School

There is currently no gymnasium for the school. The students need a gym as bussing them to the tri is poor use of time and class room gym does not have enough space to run

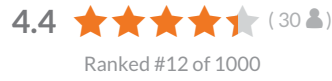

Copperhaven School

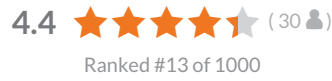

Very concerned that the gym is still not available Physical education, keep kids active
Copperhaven School

Clean The school appears well looked after.
High Park School

The staff make sure my children feel valued and appreciated.
Connections for Learning

I appreciate that our school offers alternative programs that allow children the freedom to learn in their own way and explore their own strengths.
Connections for Learning

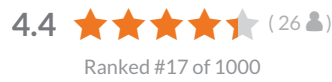

I think that having options to parents as far as alternative schedules to typical schools is amazing! Not all families fit into the same box and having different options for all families is so important.
Connections for Learning

I think there are a great amount of wonderful teachers! Teachers help shape a child's whole life and are remembered so having such good ones is so important.
Connections for Learning

It is good to see a more engaged principal the principle is creating more opportunities and sharing more with the parents this year
Wabamun School

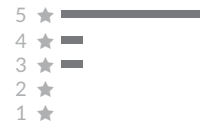

The staff is lovely It makes the school experience even better
Connections for Learning

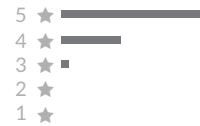

Our children are taught and encouraged to be leaders in their education, their lives, in school and the community. This empowers our children to be able to speak up, to lead, to grow, to reach farther, do more, and help out if someone is in need.

Connections for Learning

Our teachers and staff are exceptional! The children feel engaged, supported, heard and comfortable at our school.

Connections for Learning

The administration are always available and open to thoughts, questions, concerns, suggestions Knowing that the admin support teachers, students and families makes the school feel more like a community than an institution

Connections for Learning

Welcoming Environment The school clearly welcomes parent involvement within the school setting. The office staff are friendly and go out of their way to provide assistance.

École Broxton Park School

Mental health concerns overwhelming schools

Division Staff and Community Members

inclusion without proper support comes at the cost of too many other students too many severe behaviours don't have support, others are afraid & not getting what they deserve because attention and time spent with the behaviours

Division Staff and Community Members

EA's need better recognition and higher pay for the work they do. EA's are dealing with extreme behaviours daily. They spend the most time with these kids and need to be recognized for it!

Division Staff and Community Members

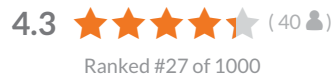

Inclusive environments are an incredible social and academic approach, but we should concious that some students need more... .. supports than the most inclusive classroom can provide. Recognizing and supporting complex students needs to be an active and timely process.

Division Staff and Community Members

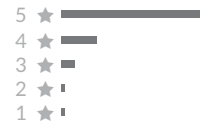

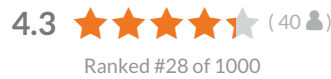

Inclusive education concerns me. It is not properly supported and we are seeing many more serious behaviors and learning challenges each year. This is important because how inclusive education is being implemented is affecting all students.

Division Staff and Community Members

Teachers are becoming far too overworked dealing with too big of classes with many educational and behavioral needs with little or no support. This is important because we need people to do this job and if these working conditions continue, it could become a problem in Alberta and Canada.

Division Staff and Community Members

I appreciate the Councillors and support staff
Teachers cannot do it all by themselves

Brookwood School

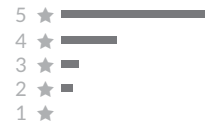

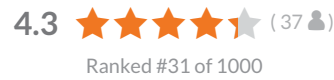

The staff are great As a young parent of young children the interaction between staff and parents is important . I've always felt welcomed and well informed by all staff

Brookwood School

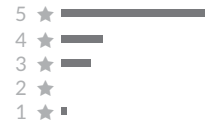

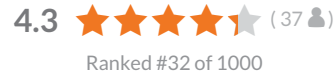

I am always concerned about the level of support (provincially, not just PSD) for students with diverse learning needs and mental health issues.

Division Staff and Community Members

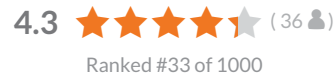

I do like how the older kids help out the younger kids Older role models can give the younger ones incentives to learn

Blueberry School

I appreciate all of the staff at Graminia Having supportive teachers, engaged principles and friendly office staff makes for a positive environment for my child to learn.

Graminia School

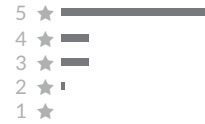

I appreciate the office staff. They are always friendly and amazing! It makes the school warm and inviting

Brookwood School

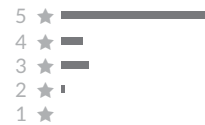

I appreciate the school staff. The admin are very receptive.

Graminia School

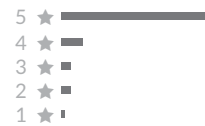

Grateful for caring staff and educators My kids benefit from attentive, motivational teachers and support

Graminia School

I appreciate how involved the principal and vice principal are with the students It sets the atmosphere for the school

Brookwood School

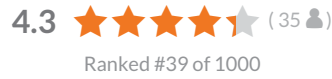

I appreciate the variety of activities that the students can be involved in. Gives them opportunities to shine in new ways.

Brookwood School

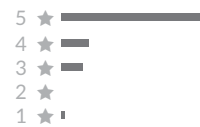

I really like the atmosphere of Brookwood school this year with lower numbers of students. There is more space in the school, parking lot, teachers/administrators know my childs name.

Brookwood School

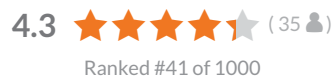

Staff They work hard and are open & available for conversation

Brookwood School

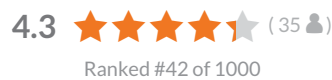

Staff continues to be very supportive to students needs.

Brookwood School

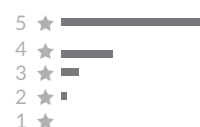

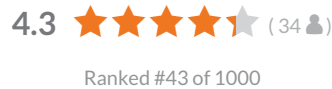

Teachers respond quickly I appreciate how quickly teachers respond to questions and concerns.

Brookwood School

Caring staff Makes the kids feel safe while they are away from family. Helps encourage them to participate in the classroom setting.

Brookwood School

Teachers and staff are awesome! We are so lucky to have an amazing staff and teacher who really do value our kids!

Graminia School

I am concerned the gym is still not completed

Copperhaven School

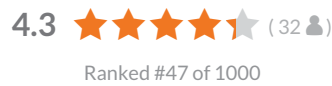

Not enough physical activity With no gym and all the indoor recesses, how are these kids getting enough physical activity? It's no wonder they are acting out.

Copperhaven School

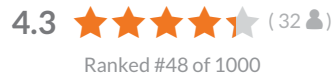

Parking Brand new school, only about 10 parent parking spots? Something needs to be done about this.

Copperhaven School

Parking was poorly planned, insufficient and unsafe. Current enrollment is around 600? Add in next year's students with parents and cars! Some parents take shortcuts with drop off and pick up as they may be on their way to work, resulting in blockages etc. The parking lot is ridiculous.

Copperhaven School

The gym has not been completed yet this school year. Though other opportunities for pe have been provided, a regular pe program is too important to be without.

Copperhaven School

The work teachers do with kids who need extra hp It's important that teachers have the appropriate amount of help from TA's with kids who may even need more help

Brookwood School

lack of physical activity and access to gym with a young child I feel it's not instilling healthy habits and hes not burning enough energy

Copperhaven School

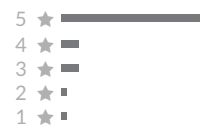

I love the small class sizes. As a parent I'm able to know better what's going on and know the ther students better. We have an excellent community.

Connections for Learning

Principal and vice principal are very involved We appreciate their kindness and understanding

Brookwood School

The staff and teachers are amazing They are so supportive and really care
Brookwood School

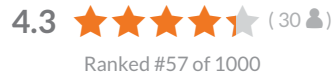

Appreciate the small feel and closeness One on one attention and communication and easily obtained
Connections for Learning

Being able to talk to the principal and v. principal when needed. Need open lines of communications to ensure parents and kids and school can work together on individual issues.
High Park School

Genuine I love how genuine the teachers and admin are. They care and want to help the children in their situations instead of just moving on from it.
Brookwood School

Great play ground It's important for kids to get exercise
Muir Lake School

I absolutely adore stony creek and both the offered programs! Exactly what I was looking for, for my children! **The staff is amazing and really care!** They are great at allowing the kids to grow at their own pace without singling them out and catering their own path of learning to what suits them!
Connections for Learning

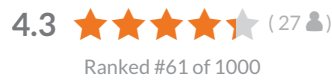

I appreciate how there are different learning levels and how positive the environment is for learning and growth It allows for my daughter to feel confident to ask questions, to have endless support, as well as resources
Connections for Learning

A lot of vaping going on in the school bathrooms. Inappropriate In school.

Stony Plain Central School

Hands on projects and learning experience engage students and encourage life long learning

Connections for Learning

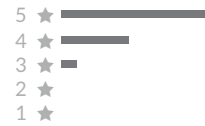

I liked the tech free idea for February onward or at least no cell phones during class. Focus on schoolwork and off social media /other distraction sites etc.

Prescott Learning Centre

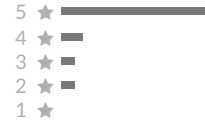

I really like the project based learning approach as it challenges my kids to work with others. Builds skills necessary for life - communication, conflict resolution, leadership

Connections for Learning

I appreciate that the principal and vice principal are so approachable for students and parents. It's comforting to know our students and the parents are clearly respected and valued in the school.

Graminia School

Approachable Principal Previous administrator, my children were uncertain & fearful. Our current Principal is willing to work at relationships and earn respect from kids

Wabamun School

Communication Having a daily agenda, texts sent from both teachers & Principal, newsletter & Facebook updates is great for being kept in the loop

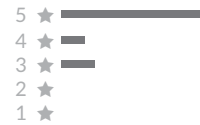

Wabamun School

Sports teams Youth have been given the opportunity to be part of a team, when otherwise the option wasn't available to them. Soccer, archery, basketball, volleyball
Wabamun School

As a parent with children that enjoy after school sports we appreciate the time commitment of coaches and teachers. These programs help motivate our children to succeed in school.
High Park School

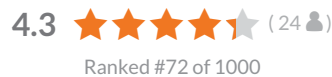

Fantastic staff who really do care and have the best interest of each child
Brookwood School

I appreciate the staff, they work together as a whole and the kids know it. The consistency is so important for children.
Graminia School

Office staff is always polite and willing to help and school is always clean !!! Thank you
High Park School

Communication Like getting texts with homework and upcoming events as my son rarely tells me!
Greystone Centennial Middle School

I appreciate the small class sizes, and availability of technology. Not every family is able or prepared to supply chromebooks or laptops for their children
Graminia School

Staffing While I admire the work the current staff put in, it would be ideal to leave the principal as an administrator, not splitting her time also teaching.

Tomahawk School

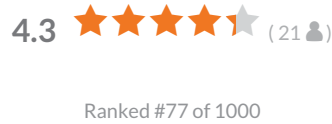

When you walk into he school all staff are friendly and smiling faces

Graminia School

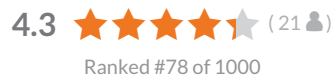

I have a very large number of students with complex academic, behavioural, and emotional needs I want to feel like I can set my students up for success and with a larger class size and only one EA I am not able to fully do that

Division Staff and Community Members

In hearing some friends' comments about the culture at other schools, I appreciate even more the positive social culture at Broxton. The office staff & admin seem familiar with many of the kids and make a point of saying hello. This demonstrates good social skills to the students.

École Broxton Park School

Rural schools are underfunded We need to have a full time principal

Tomahawk School

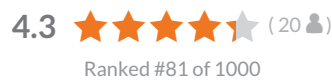

I love the Daily physical Activity Implemented at this school This is so important to the development of our children's healthy habits as they grow.

High Park School

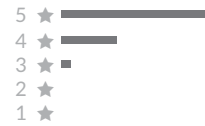

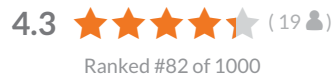

The teaching staff that my sons have are fantastic and should be commended for their hard work and genuine care for their students.

Graminia School

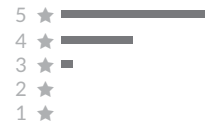

Amazing school council Our school council does so many things for our school! They are always buying things my kids need to learn and be successful.

Tomahawk School

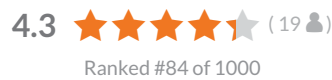

Great use of community resources I LOVE that our school is always connecting with community such as the Agra & local provincial park! My child got to inline skate & snowshoe this year

Tomahawk School

More staff resources needed The school has lots of funding to buy neat things but limited staff. I wish that my son's Grade 1 classroom could have a full-time EA to help out.

Tomahawk School

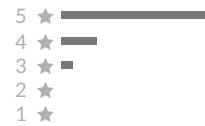

I appreciate how easy Powerschool is to access marks. If help is required, we know immediately.

Spruce Grove Composite High School

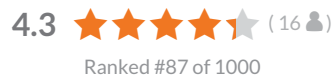

I appreciate the small class sizes. I think it's very important to try to keep the classes around 20 students which Merdian has done successfully.

École Meridian Heights School

Mrs. Godfrey is simply THE GREATEST. She is always helpful and knowledgeable. She's just fantastic

Duffield School

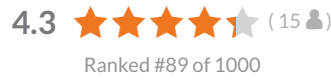

Bullying needs to be addressed!

Stony Plain Central School

vaping in the school bathrooms and on the bus major health concern

Stony Plain Central School

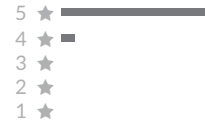

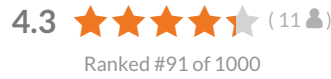

Parking lot It's like a giant game of bumper cars, there needs to be an additional exit/entrance.

Memorial Composite High School

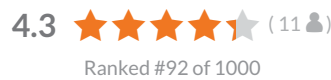

Some things I appreciate is the emphasis on spreading kindness, and awarding it. It's so great to see as it helps shape and mould the kids as they get older

École Broxton Park School

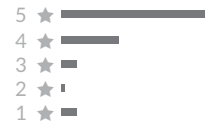

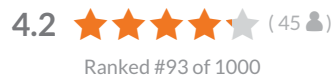

Teachers are supportive and communication is excellent! Emails are sent to parents if there are concerns

Brookwood School

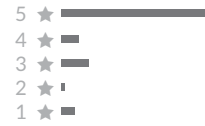

I am concerned about the rise in needs of students in our classrooms and how they are supported. All kids need to be supported in school, not just the special needs students.

Division Staff and Community Members

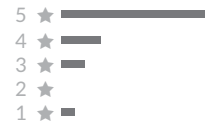

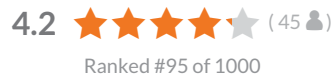

Lack of Support for Inclusive Classrooms Inclusive classrooms don't have enough support, hands down. High needs is turning into high stress, for teachers and the other students

Division Staff and Community Members

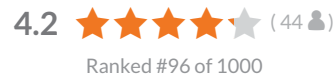

Teachers need more support in the classrooms with students who require significant supports. Class sizes are large and the negative impact of students' behaviours on others is significant.

Division Staff and Community Members

The stress level of the teachers is on the rise. The needs are getting more diverse. It's important because healthy, balanced teachers are more effective.

Division Staff and Community Members

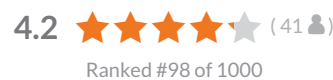

There are too many extreme behaviours that we are not equipped to handle with current class sizes, supports and staffing. Students are subjected to violent outbursts and education is suffering and anxiety is increasing.

Division Staff and Community Members

Safety for Educational Assistants. On a daily basis I am concerned for my safety working with several behavioral students who have on more than one occasion lashed out at myself.

Division Staff and Community Members

Excellent staff

Brookwood School

Phones/devices These are distracting and should be locked up during class time or taken away until the end of the day. Respect for teachers and classmates.

Prescott Learning Centre

Violence towards staff and students seems to be increasing Can be demoralizing and makes the work and learning environment unsafe

Division Staff and Community Members

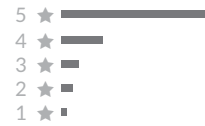

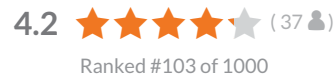

We have loved the level of engagement from the staff with the students and families often going above and beyond. It has greatly increased our comfort level with the school.

Brookwood School

Excellent Communication The teachers and principals are great at communicating with families about anything regarding their children.

Brookwood School

A very caring staff. Its important that children feel safe and cared for at school.

Division Staff and Community Members

Good staff / principal Keeps things running smoothly

Millgrove School

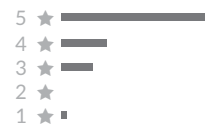

Teachers are caring about all students as a group and individual Helps students work on their weakness

Brookwood School

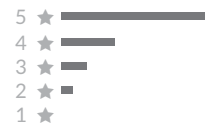

Gymnasium and other parts of the school could use some updates.

Brookwood School

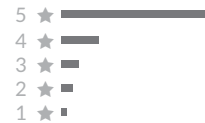

I appreciate the variety of extra curriculars our school has to offer! There is something for everyone! Choir, cross country, leadership, intermurals, journal games, cheer just to name a few.

Brookwood School

We have a fantastic group of teachers and staff who work very well with our community This helps us be a very tight knit group who is always willing to work together.

Graminia School

Appreciate - Extra Curricular Activities for Students Millgrove does a fantastic job at providing students with many extra activities, whether its archery, music, field trips, etc. You do a great job!

Student Leadership Things like buddy activities, in-class helpers & the student rink team, Graminia is doing great things to encourage leadership through example!
Graminia School

I appreciate the teachers encouraging my children to strive to do their best. When my child struggles they can feel defeated and stop trying all together, but with their help they can get over the slump

I would like to see percentages back on report cards for junior high students.
Graminia School

There is insufficient parking for parents who drive their children and for volunteers. Because we are cross-boundary, my only option is to drive. Most days the only available parking is in the surrounding residential neighbourhoods.
Copperhaven School

We have a great principal / vice and so many amazing teachers I truly appreciate those that go above and beyond for the students and so many of Graminia's staff do this daily
Graminia School

I love the opportunity of play parkland and the variety of field trips for the kids. It's important so they can be exposed to a variety of different environments and experiences to grow and expand their thinking.
Muir Lake School

Communication both from teachers and staff I appreciate the communication I receive from the teachers and staff at Muir Lake.
Muir Lake School

Great staff at Muir lake school. I can approach teachers and office staff with ease.
Muir Lake School

I am very happy how great the teachers are at Brookwood and how the program is run. My son loves school and loves learning. I believe he is getting a very good education at this school
Brookwood School

I appreciate the time the teachers invest in my child's learning. Making sure they understand the concepts. It's great that they get more 1-1 time. Correcting mistakes while fresh in their minds helps them better understand the learning. My kids are not afraid to ask questions unlike other years.
Connections for Learning

I am concerned there is not enough consequences for bullying. Children need to believe their circumstances will improve if they come forward to report bullying.

Stony Plain Central School

I appreciate how bright and open the classrooms are but I would like to see the gym be done ASAP ! I believe children should be getting daily physical activity

Copperhaven School

Really appreciate the hardworking parent volunteers in our school. Amazing dedication to so many things! Thank you

École Meridian Heights School

i believe the school needs to not be putting so many children with learning issues in one class with no aids. this is unfair to teacher and children i believe that more aids are needed so that regular student have the learning help they need and other students need aids too

Millgrove School

Grading and report cards Would love to see detailed comments, they often feel copy/pasted. Would also appreciate actual grade marks at junior high level.

Stony Plain Central School

I appreciate how hard teachers and EAs work for the students. I am concerned with the lack of EAs in our schools. I am concerned because there are so many high needs coming into schools and feel that those students who are "below average" are not getting the help.

Division Staff and Community Members

Les Worthington! He is godsend. Consistent, considerate and compassionate. He has added not only to the education of Wabamun, but the community as well.

Wabamun School

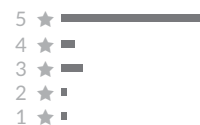

The drama program at SPC is fantastic. Inclusive, supporting and family like environment.

Stony Plain Central School

Vehicle access to the school is limited during peak times. Vehicles competing with buses to get through. No apparent system of or rules of how it should flow.

Copperhaven School

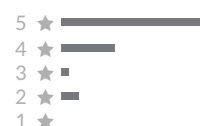

Great Volunteers! Small communities thrive when they have amazing volunteers. Our school is fortunate to have an outstanding and dedicated volunteer group.

Wabamun School

I appreciate the small class size Each student gets more attention and help

Brookwood School

I'm pleased the school is promoting more time outdoors with their classes and hope this continues, increases and that all teachers are on board. The importance of appreciating their environment and nature and expanding on how instruction is delivered is imperative.

Graminia School

No gym for kids at Copperhaven available
Exercise and exposure to different games and sports is important. May reduce some of your children's behaviour issues. Outlet for them
Copperhaven School

Staff for the most part, are amazing. Shootouts to Mrs Miller, Mr Kucher and Mrs Olson. Its important to have staff like the aforementioned, because they engage the students as if they are human beings, which of course they are.
Wabamun School

The improvements to outdoor spaces is creative and exciting Enriches the students' learning environment

Devices at school. I feel that in the younger grades, devices should be left at home and those that are brought secured until the end of the day. I don't believe children need to be playing video games during recess plus how is what they are looking at being monitored??

École Broxton Park School

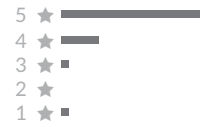

concerned about the gym space not being ready physical activity is of the utmost importance for growing kids

Copperhaven School

Great teachers The teachers on both sc1 and 2 are supportive and truly care about the development of the students and their families.

Connections for Learning

Tomahawk School

Busing It's unacceptable that students get bussed from acreages all the way into town and back again to school. This makes bus ride over an hour.

Parkland Village School

I appreciate having a school in my small community. I have small kids that will attend tomahawk school and I like that they will be able to attend a school in a smaller community that is close to home.

Tomahawk School

Micro society Great life tools. My daughter enjoys it.

Parkland Village School

Our school Principal is a great leader, but is juggling way to many jobs. That role should focus on leading the teachers and students to excellence. If a Principal is busy with teaching a full time class, running the school and more it becomes way to much for 1 person to manage. Things get missed.

Tomahawk School

We need a gym!!! Our kids deserve to be in a school with a gym not to be transferred to the tri Leisure every week

Copperhaven School

I appreciate how awesome the teachers are. Their genuineness and sincere consideration for all the kids is obvious.

École Broxton Park School

Rink Great to teach basic skills that encourage and enable children to stay active in the winter

Duffield School

No gym!!! This school opened before it was ready and the kids have suffered because of it. Kids deserve a proper physical education program to improve their health and well being. And only certain grades (older kids) are being bused off site

Copperhaven School

Aggression towards teachers is too much
 Being verbally abused/physically assaulted by students with or without behavioural needs and having it chalked up to par for the course is crushing.

Division Staff and Community Members

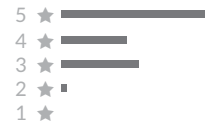

Inclusion supports Large classes coupled with academic & behavioral needs and some students 6 grade levels below in literacy, with no EA support means limited progress.

Division Staff and Community Members

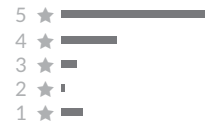

we're doing the best we can with what we have our system is severely under funded, students' learning suffers, staff are over worked, mental wellness is suffering

Division Staff and Community Members

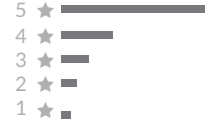

Clustering of High Needs Children Putting too many children with high needs in the same classroom so they can share an EA is not conducive to student learning nor teacher efficacy.

Division Staff and Community Members

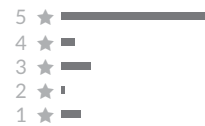

I am concerned about supports for inclusive education There are students that are falling behind because the supports are not there.

If there is no teacher assistant time in a classroom IPP's can't be implemented successfully in an inclusive classroom. Teachers spend a lot of time writing them and students have needs, but with no support to implement them, what is the use for the stakeholders?

There should be more opportunities made available to challenge high-achieving students. Inclusion should encompass the WHOLE spectrum. With the Advanced Placement program now cut and enrichment so sparse at the K-9 level, high achievers are being ignored in favour of low achievers.

The Sports Programs The extended sports programs being offered to younger students not only allows for more encouraged activity but a place for active kids to connect.

École Meridian Heights School

There are not enough EAs in the classes, EAs have to split their time between multiple classes, leaving the teacher to fend for themselves

High Park School

I appreciate your mentor ship programs you have placed perhaps you'd consider a Crossing guard program for the parking lot crosswalks Entering and exiting the parking lot is becoming a major reoccurring issue both for pedestrians and drivers, this may be beneficial for everyone

High Park School

The extra teacher helpers that provide one on one with the students. The students have a lot of information to process, getting the one on one will really help these students stay on top of their learning.

Graminia School

Arts I think the junior high drama program has been an exceptional experience for my child.

Stony Plain Central School

Caring environment Love seeing interaction with older and younger kids, it's great skills for leadership and guidance

Stony Plain Central School

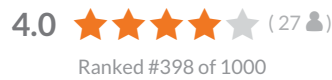

Community Love that the younger kids are involved at the seniors care facility; it encourages questions on health, aging and it's such a positive message

Stony Plain Central School

Hot Lunch While volunteer run, we appreciate the opportunity to have one less worry. The kids love the food!

Stony Plain Central School

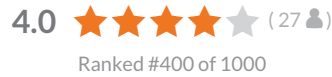

I appreciate our kids teachers for their hard work and for keeping us up to date with their learnings, problems and progress. It is always important to know where your kids have problems to help with them and the progress they have made with their problems.

Prescott Learning Centre

I appreciate that the office staff already knows my face & who my children are. We just moved to this school this school year. I am impressed with how little time it took to feel like we've been at the school forever.

The GYM! The lack of transparency and updates on this is extremely frustrating as a parent. Bussing to TLC was apricated

Copperhaven School

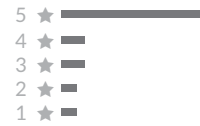

We are concerned about policies not enforced; cell phones and dress codes. Policies are in place for a reason. Too many exceptions are made or the problem not addressed at all.

Stony Plain Central School

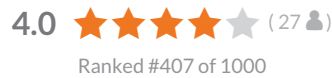

We do not have a finished gym. Not enough exercise, especially in the winter. No volleyball team. No proper practice time for the basketball teams. Missed physed curriculum.

Copperhaven School

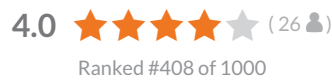

With this being our first year at SPC - the staff (administration and teachers) have been welcoming and helpful. My children are very happy at their new school and happy we made the change.

Stony Plain Central School

I appreciate the great staff at our school, they engage with the kids of all ages and it is nice to see. Kids need different adult interactions to learn how to function outside of school. It's great for their confidence.

Wabamun School

I have some concerns with how frequently the younger kids (Gr K, 1, 2) have been having negative/encounters with older kids (Gr 5, 6, 7) It's surprising that they have this much unstructured/unsupervised access to each other

Copperhaven School

The large open space that fits 3 classes is not a great set up for most grade levels due to the lack of being able to block off individual areas. There is no ability to have true quiet times and instructional times need to be volume moderated.

Copperhaven School

Amazing teachers who work so hard with what they have to work with Keeps a positive atmosphere and good attitudes amounts the students and parents.

École Broxton Park School

Daily Physical activity Promotes healthy lifestyle habits

Woodhaven Middle School

I appreciate the people I work with and also my students. because I want to like coming to work every day.

Division Staff and Community Members

I appreciate the teachers at the school and their ongoing support to our children. This helps to advance children's self-esteem and autonomy.

École Broxton Park School

I like all the parents who put in their time to volunteer with their busy schedules.

École Broxton Park School

I think Muir Lake is a Great atmosphere, my kids have been very happy there. There have been very little, if any, issues in the school to my knowledge, and it appears to run very smoothly

Muir Lake School

Parking. Makes pick up and drop off very frustrating when there's not enough room for the parents.

Copperhaven School

Positive & inclusive leadership within the school Our Principal continues to seek involvement from community members & residents, highlighting our successes & creating a sense of value for all.

Wabamun School

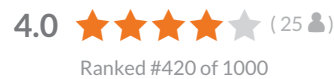

Staffing Seems Better/More Stability This Year Important for delivering quality education to students

École Broxton Park School

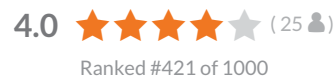

There needs to be more mental health care availability, starting in the early years. There is a severe lack of mental health resources for kids and teens. What is available is so very difficult to access and families are suffering.

Division Staff and Community Members

We appreciate the Performing Arts Program It brings together students in a meaningful way, enhancing teamwork, creating family, building leadership and confidence.

Stony Plain Central School

We have excellent communication between our students, staff and parents. Transparency can create an environment of security and trust.

Connections for Learning

Administration and Teachers Having good communication and being able to approach teachers and administrators about any issues or concerns is so important to me as a parent.

École Broxton Park School

Appreciate - Teachers I am truly impressed with the time and effort put forward by each teacher we have encountered. They care about how our child is progressing

École Broxton Park School

Car Pick up line in front of school is a nightmare. Needs an extra lane. Trying to pick up child early from school for appointment. Got stuck in parking lot by cars waiting in pick up line 40 minutes before school ended.

Copperhaven School

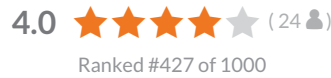

I appreciate the program design of the school. I get to have my child home with me and our family more throughout the week. I get to take part in her education to a greater extent.

Connections for Learning

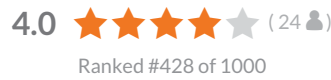

I wish the school district would look at boundary lines to make student enrollment more fair. Wabamun school has a low student count with only 1 bus but our neighbouring school 5 minutes in Duffield has 5 buses and is over crowded.

Wabamun School

More funding for kids that need extra help. This create a better learning environment for the kids.

Brookwood School

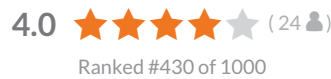

Parking Lot/Student Pick Up The traffic backed up for blocks is a good indication of the mess the current system is. Better flow is really needed.

Memorial Composite High School

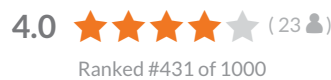

The school is always welcoming Very knowledgeable

Wabamun School

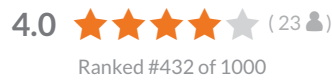

Awesome Teachers My child was able to open up and find a teacher that is wonderful and able to help him learn and grown as an individual

Greystone Centennial Middle School

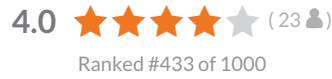

Counselling Services Would love to see this expanded to allow more one-one type services that students can access.

Greystone Centennial Middle School

Fusion Assemblies I love these assemblies and believe that it is a great way to promote positive behaviour in the school.

École Broxton Park School

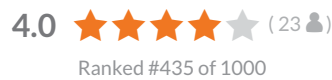

I appreciate the remind to each parent so we know what our child is doing and needs to after school

Greystone Centennial Middle School

I appreciate the variety of activities that my child participates in while at school. This variety of experiences helps to develop both fine and gross motor skills and creates/builds on pathways in the brain.

École Broxton Park School

Traffic safety concerns - the roads around the school in am/pm are crowded. accident waiting to happen safety

High Park School

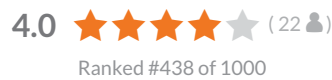

Appreciate the seminar time Allows students to catch up on work; get assistance if needed

Spruce Grove Composite High School

I dont see any benefits in allowing students have cell phones in class. Cell phones are a privilege not a necessity. I can only see the cell phones being a major distraction to both the teachers and students.

High Park School

I'm concerned about my children having to travel so long to attend highschool An hour or more on a bus is too long for any child to travel on winter roads

I appreciate the extra-curricular activities that some teachers take on outside of school hours - ie. sports It encourages children to be active and explore new possible interests. It also promotes confidence building

Stony Plain Central School

I appreciate the respectful attitude of both students and teachers.

Muir Lake School

I appreciate the teachers. They are always very welcoming as people enter the school. They smile and say hello in the hallway and it is nice to see them joking with students too

Tomahawk School

Lots of community things happen here! Knitting club, fitness facility, community library, inventors club, pancake breakfasts, and concerts, all open to the community.

Tomahawk School

Small school with lots of heart! Each staff member tries to go out of their way to make students and families feel welcome. From bulletin boards to office staff, it's an awesome place

Tomahawk School

The school has a friendly and welcoming environment It is important because it shows that the staff and students are happy to be there and that they want others to come and see what is school is about.

Wabamun School

Tomahawk is a small country school and the parents/community members are always made to feel welcome. If a parent feels welcome, they are more likely to help out with school activities and share their positive experiences with others.

Tomahawk School

Office staff is fantastic and makes this school a welcoming environment for parents and students. The office staff convey a positive attitude that helps to set the tone of the school.

Woodhaven Middle School

All the staff and teachers at this school are amazing! They are definitely all about doing whats right for each student. Not all children are the same, nor do they learn the same ways as one another.

Connections for Learning

Appreciate all the extra time put in by the principal and teachers and the genuine interest in my children. Kids are not just a number....all the teachers know and care about all the kids

Tomahawk School

Athletics Dedication of coaches and volunteers is very much appreciated

Woodhaven Middle School

I love that the school prioritizes physical activity and does physical education every day! Children need to move and be active. Physical activity helps with learning, focus, mental well-being, confidence and maintenance of a healthy weight.

Woodhaven Middle School

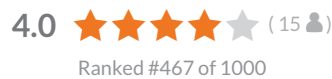

I really like the fostering of animals in the class helps build confidence learn responsibility also great for the animals in need and for them to become family pets
École Meridian Heights School

More teachers need to be hired or EA's To help more students
Tomahawk School

Artwork in the hallways ART in all its forms is so important and I appreciate the teachers rotating their art displays and trying new methods - great work!
Forest Green School

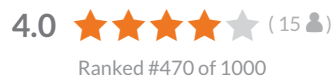

Food Fridge I appreciate the availability of the snacks and the indication of what is limited and which items students can have more than one of.
Forest Green School

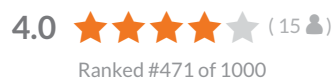

I get the impression there are fewer incidents of bullying/fighting at school. It has a lot to do with cracking down on that sort of behaviour. I remember my time in school and I'm very glad that my child doesn't have to deal with that as much and can focus on his studies. Thank you for that.
Greystone Centennial Middle School

Love that there is blended grades in each classroom Students get to interact and learn with all learning levels
Connections for Learning

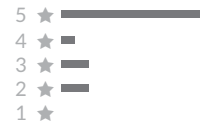

One concern is class sizes... makes it very difficult to meet the diverse needs I see in my classroom. I want to be able to reach all students in my classroom.
Division Staff and Community Members

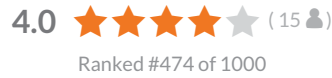

Parkinglot There needs to be changes to the parkinglot for parents
Duffield School

Really great ea's for my daughters classroom! They genuinely love the students. I know my daughter is well loved and supported by her ea at school.
Forest Green School

Separation of grade levels make me feel more comfortable knowing the youngest and oldest are in their own area Bullying and discussions that are inappropriate for certain grade levels can be eliminated this way
Greystone Centennial Middle School

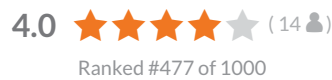

The administrative staff are amazing and soooo patient. I appreciate them.
École Broxton Park School

I am really impressed with the music program and teacher I think it is really good for kids to be involved in the arts
Blueberry School

I fully appreciate all the staff and their willingness to help each and every individual student. It gives the children a sense of security. A quaranteed safe space for all.
Brookwood School

I really appreciate the size of classrooms and the availability to meet with the teachers and admin to address my child's needs. I appreciate the fieldtrips and presentation that compliment the program.
Connections for Learning

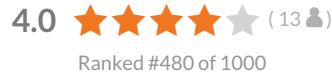

That parking lot! Although much better than last year, there still needs alot of improvement. Parents needs to become more aware of what kind of surrondings they are in. We are dealing with children here. Time to smarten up.

Brookwood School

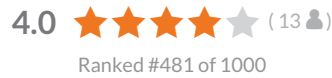

I appreciate that the staff is always on top of absences and knowing where the kids are, etc. It's important there whereabouts incase something we're to happen,

École Broxton Park School

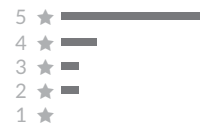

The focus on a well-rounded education Helps make learning fun and interesting, and allows children to discover what their interests and strengths are

Muir Lake School

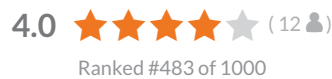

I worry about the school zone. I think it should be lowered. People speed through there like crazy and sometimes people pass others in that zone. It's dangerous and I feel someone will get hurt.

École Broxton Park School

Parking lot Many issues with drop off zone and parking area. The ENTIRE area including the overflow should be re done and improved!

Brookwood School

Playground maintenance Indoor recess due to puddles should not happen. Regular maintenance of surfaces should improve

Brookwood School

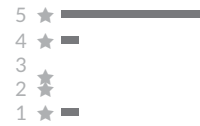

Admin are amazing!! I know my children are safe and happy at Brookwood

Brookwood School

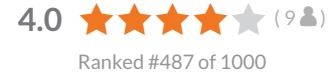

I appreciate the support the staff at the school give to me and my girls We have gone through a rough year and the staff have done everything possible to help my girls feel safe at school

High Park School

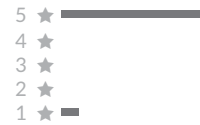

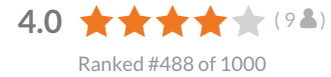

School community is very accepting and accommodating. I have always felt like my kids are supported by staff and administration at the school.

High Park School

Signage at Brookwood - please do not allow drivers to park alongside main drive-in lanes. main driveway is NOT a parking lot! this year, drivers are parking alongside driveway so they can pull up/ load up kids.. leaves no room to manuever

Brookwood School

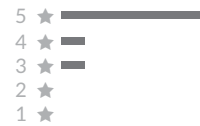

Parkland village school is the most amazing school! Every teacher I have deal with genuinely cares about the students and their families. I always feel like I can ask the teachers anything and they clearly go the extra mile for my kids.

Parkland Village School

The Stony Creek program is fantastic! Both the students & staff are very caring & respectful to one another and make for a great learning environment! Great to see students who are focused on their education and work together as a team to excel and help each other out.

If the focus is on what's best for student learning, how can verbal assault and physical assault be an acceptable part of public education now? IF it is not, then how can a student wind up in a class a few minutes later or even a few days and do the exact same things they are doing again?
Division Staff and Community Members

I'd like parents who drop off their children to be reminded that the loop around the front parking lot is a 2-lane, one-way road. When exiting the loop, some drivers turn left from the right lane and vice versa. There are two lanes that exit; it's not one really wide lane.

On the days where buses aren't running, there should be a school-wide backup plan to create a fun atmosphere and help kids, one-on-one, who need it. I could be misinformed, but my child left me with the impression that those days were incredibly dull. Everyday at school should be an opportunity.

Memorial Composite High School

I am an MCHS alumna who in August will begin a Master of Music program in NC and I owe much of my musical success to the fantastic, well-rounded choral program at MCHS. The erroneous belief that music is simply a hobby damages everyone. Choir especially promotes teamwork, community & confidence

Memorial Composite High School

Individuals who participate in music-making are happier, healthier and great critical thinkers. I love my life as a professional musician. Cutting music programs robs future students of opportunities for personal development - no other program can replace the profound effects music has.

Memorial Composite High School

Most of the teachers are phenomenal at letting the students know they care. Students need to know the teachers care about their futures, for them to believe they need to know others do too.
