FALL 2018 UPDATE TO THE 2018/2019 BUDGET

Comments/Explanations of changes from original Spring 2018/2019 Budget Report:

Explain any changes in revenue or fee items >5% (any highlighted items in cells S10-S24 on Page 1 or cells S10 - S22 and S26 - S40 on Page 2):

Federal Government revenues are lower than the spring budget as the actual number of students attending from Paul Band First Nation was lower than anticipated.

Other Alberta School Authorities is higher than the spring budget as we are charging Evergreen school division for their proportion of the deficit that PSD is running in Transportation. This was not done in the spring budget.

Other sales and service is above the spring budget as Special Events was budgeted low in the spring budget. The schools updated their budgets based on final actual results.

Gifts and donations increased from the spring budget as donations that were unknown in the spring were included in the fall budget.

ECS enhanced program fees have been reduced based on known numbers of children participating in Nature Kindergarten.

Other Fees to enhance education have decreased as schools finalized actual fees for the year.

Extracurricular fees were reduced as schools identified which extracurricular activities would be running and the actual costs based on the staff running the sports or clubs.

Non-curricular supplies, materials and Services decreased as schools finalized fees based on teachers and programs being offered.

Non-curricular travel decreased as schools had better estimates on costs of travel and the number of students who are interested.

Other fees were reduced to zero as it was determined that the fees were better classified in other fee categories.

Special events increased as graduation sales were not estimated accurately in the spring budget. Amounts were updated based on actual results.

Sales or rentals increased as a result of updating the budget based on actual results.

International students increased as the division went from 1 to 2 students.

Explain any changes in program expenses >5% (any highlighted items in cells S27 - S32 on Page 1):

ECS expenses decreased from the spring budget as the number of PUF students and kindergarten students was adjusted to actual based on actual enrolments and a more detailed budget was done based on known needs. Staffing was identified at each grade level and actual salaries were used in the fall budget where average salaries are used in the spring budget. The actual salaries as the ECS level tend to be lower based on the years of service of staff in these positions.

Explain any changes in expenses by object >5% (any highlighted items in cells S37 - S48 of Page 1):

Unsupported amortization increased as a result of a larger than forecast unsupported renovation that is amortized going forward and amortization on projected unsupported renovations and purchases during 2018-19.

Explain any changes in projected Accumulated Operating Surplus and Capital Reserves as at August 31, 2018 or August 31, 2019 by >5% (any highlighted items in cells S52 - S55 on Page 1):

Accumulated surplus from operations at the end of 2017-18 was higher than anticipated as schools carryover amounts that they had not projected when the spring budget was created. In addition there were higher capital purchases that had initially been budgeted as operating. CEU revenues were higher than projected.

Accumulated surplus from operations at the end of 2018-19 is higher than the spring budget as a result of the higher opening balance.

Capital reserves at August 31, 2018 were lower than projected as the cost of renovations at the Centre for Education were higher than projected.

Capital reserves at August 31, 2019 are lower than projected as a result of the lower opening balance and additional work planned for the new year that was not planned during the spring budget.

Explain change in total certificated staff >3% (if cell S58 or S59 on Page 1 is highlighted) or non-certificated staff >3% (any highlighted items in cells S63 - S66 on Page 1):

EXECUTIVE SUMMARY

Parkland School Division No. 70 has a total operating budget of \$134.0 million and provides public education services to the citizens of Parkland County, Town of Stony Plain and the City of Spruce Grove. The division serves the educational needs of approximately 11,300 students from Kindergarten to Grade twelve within twenty-six urban and rural instructional sites.

The executive summary presents highlights of the budget and organizational information of the school division.

Governance

Parkland School Division's Board of Trustees represents electoral wards in the City of Spruce Grove, the Town of Stony Plain and Parkland County. The Board is charged with the responsibility of providing, for its stakeholders, an education system organized and operated in their best interests. It exercises this responsibility through setting of local educational policy and allocation of resources to meet its goals.

The Board has one main purpose, namely to provide educational services as required by the School Act. There are 7 Trustees that represent the City of Spruce Grove and surrounding area, the Town of Stony Plain and surrounding area plus rural communities to the west that include Duffield, Entwistle, Seba Beach, Tomahawk and Wabamun.

Distributed Decision Making

Parkland allocates its revenues in accordance with the following beliefs and guiding principles:

Distributed Decision Making Beliefs:

- ✓ *The distribution of decision-making responsibility will create, and draw upon, leadership capacity within our organization.*
- ✓ *The Division's staff has the capability to make decisions about activities within the realms of its responsibility.*
- ✓ *Individuals who have critical knowledge and expertise about a certain activity are best suited to make the necessary decisions on how to achieve the goal and objectives for that activity.*
- ✓ *Decision-making responsibility must be supported by equitable resource allocation.*
- ✓ *Equity is established through a process of collaboration and consensus building.*
- ✓ *Information sharing about external or internal conditions affecting an organization is important.*

Distributed Decision Making Principles:

- ✓ *Those who are closest to the activity will have the major influence in decision-making surrounding that activity. The Division's staff has the capability to make decisions about activities within the realms of its responsibility.*
- ✓ *Informed decisions will be made with attention to balancing choice, responsibility, and accountability, while maintaining alignment with the organization's mission, vision and principles.*
- ✓ *Individuals will accept responsibility for their decisions.*
- ✓ *Decision makers will endeavor to take into account the full scope of impact of their decisions, and will collaborate with those who may be affected by such decisions.*
- ✓ *Information will be shared as freely as possible throughout the organization.*

Board Priorities

Students in Parkland School Division will be encouraged to explore, create, imagine, and engage in lifelong learning as they develop competencies that prepare them to enter the world of post-secondary studies or work. The Division believes that student success is closely linked to student well-being and the development of social-emotional assets that build resiliency and is therefore committed to the development of the whole child at all levels of their education. The priorities that will guide the work of the division have been affirmed by a variety of stakeholders including parents, students, community representatives, staff, including administrators and teachers. The priority areas are:

- ✓ ***Engagement***
- ✓ ***Resource Stewardship***

In addition to the enduring priorities listed above, the Division has outlined goals necessary to achieve student success and well-being:

Parkland School Division is confident that these goals are the ones we most need to achieve Student Success and Well-Being. This confidence is the product of engaging our stakeholders. Much happens in the life of students, schools and the Division, so these goals represent areas of interest in which our stakeholders desire the greatest impact.

The Division sets priorities, establishes goals, strategies and performance measures to ensure that success for all students is obtained. The budget allocates resources to assist in achieving this end.

Budget Process

The Budget was developed based on funding and expenditure assumptions. Revenues are allocated in accordance with the Distributed Decision Making beliefs and guiding principles. Assumptions used to prepare the budget are shown on Schedule A. The budget was sent out to site administrators for completion, review and compilation. The preliminary budget was presented to the Board for approval at the May 29, 2018 Regular Board meeting. The final budget that reflects September 30, 2018 actual enrolments is scheduled to be presented at the November 27, 2018 Regular Board meeting. Once presented, the fall update is submitted to Alberta Education as required under legislation.

Enrolment

Parkland School Division No. 70 has 11,284 students enrolled in ECS through Grade twelve in the 2018-2019 school year which is an increase of 161 students over the previous year. Enrolments at September 30, 2018 and comparative figures for the past four years are shown on Schedule B.

Funding Sources

Parkland School Division No. 70 is financially dependent on funding from the Province of Alberta and receives 96% of its funding from government sources. The division has control over other revenues such as school fees, school generated funds, outside grants and investment revenues which comprise only 4% of the total revenue.

Total budgeted revenues for 2018-2019 are \$133.3 million. Total revenues for the division increased by 0.28% over 2017-2018.

The 2018-2019 budget accommodates a provision for an increase in general student enrolment. No new grants have been included in the budget this year. The School Fee Reduction Grant (\$745K) and Transportation Fee Reduction Grant (\$300K) offset fees that are no longer charged to parents as a result of *Bill 1: An Act to Reduce School Fees* and remain the same as the prior year. The School Nutrition Grant has increased by \$53K to \$194K. The ECS Program Unit grant is 15.3% lower than budgeted in the prior year as the enrollments were lower than projected last year. Transportation funding is lower than the previous year's budget as detailed projections have been done based on registered riders. Grant allocations remain at 2017-2018 levels. Base Funding represents 55.3% of the division's provincial funding and is determined by the number of students enrolled as of September 30th of each school year.

The Classroom Improvement Fund has been included in the final budget and increased by 2.11% over the prior year to \$1,295,800. The division's submission is included within the final budget for staffing (Certificated 7.5 FTE, Support 10.5 FTE).

The Infrastructure Maintenance and Renewal (IMR) which provides funds for school renovation and facility upgrading projects, has decreased by \$366 thousand over 2017-2018 amounts. IMR Revenues have decreased by \$1.4M as it is estimated \$1.0M of IMR revenue will be deferred and the revenue will be recognized as the assets are amortized.

Spending by Program

Funding is allocated to division programs and services to ensure that programs meet the needs of students and schools remain viable. The \$133.3 million of funding resources are allocated to four major program areas. The four major programs include Instruction, Plant Operations and Maintenance, Transportation and Administration.

Instruction is the allocation to all schools and other instructional programs and services offered to provide educational opportunities to students within the school division.

Some of the instructional programs include Early Education, Special Education and Outreach Programs. Instructional services provided centrally are included in the Instruction program.

The Plant Operations and Maintenance activities relate to the division's responsibility for the construction, operation, maintenance, safety and security of all school buildings.

The Transportation program relates to all activities of transporting students to, from and between schools. Funding is provided to transport students who live 2.4 kilometers or greater away from their resident school.

Administration includes Board Governance, Office of the Superintendent and Deputy Superintendent, Business and Finance, Human Resources, and System Instructional Support.

Expenditures by Category

Parkland School Division No. 70 will spend approximately \$99.8 million on human resources, which is about 74% of the division's budget.

A collective agreement is in place for the 2018-2019 school year for Central Alberta Association of Municipal and School Employees (CAAMSE). The International Union of Operating Engineers (IUOE) collective agreement expires August 31, 2018. The teacher's collective agreement expires August 31, 2018. The Alberta government committed to taking an active role in bargaining through legislation formed the Teachers' Employer Bargaining Association (TEBA) represented by government and school boards to create an effective bargaining structure that will meet the needs of teachers, students and the public. We anticipate minimal increases to benefit provider costs for teachers and support staff. Pension costs for teachers are fully funded by the Provincial Government while pension costs for support staff are estimated to remain constant.

Expenditures within the Maintenance and Transportation categories have been adjusted to account for the carbon tax on fuels including diesel and natural gas that came into effect on January 1, 2017.

Financial Impact

As a result of this budget the division is utilizing the carryover balances from the prior year in the schools budgets and to offset the deficit in Transportation. The division is expecting Accumulated Operating Reserves before School Generated Funds of \$5.4 million as at August 31, 2018. In the 2018-2019 budget, we anticipate a deficit of \$724 thousand and \$343K is budgeted for the VOIP phone project. The balance at August 31, 2019 for Operating Reserves before School Generated Funds is estimated to be \$4.4 million.

Financial Forecast

We are faced with managing a difficult fiscal situation while protecting the educational programs and services and putting the best interest of students ahead of other desires. As the cost of supplies, salaries, benefits and contracted services increase, spending will be adjusted to ensure that expenditures do not exceed forecasted revenues. When resources are limited, the priority is to ensure that the needs of classrooms are met. This often involves the reduction of supplies and contracted services or a review of the effectiveness and efficiency of program and service delivery. This work is ongoing as our Administrative and Educational leaders identify what activities add the most value.

The Board is dedicated to ensuring that positive relationships are the basis of our important work. Effective communication and open, transparent systems will be the norm as we move forward in some very exciting times in Parkland School Division.

As communities mature and change, we are experiencing different demands for student spaces in our schools. The Board is committed in its efforts to hear from the community. Trustees continue to increase their connection with stakeholders and commit to ensuring greater public engagement.

The work to support classroom teachers and school-based administrators to provide quality educational support and/or programming supports for students with diverse learning needs is always done with our division goals of Inclusive Education, Quality Teaching, Culture of Wellness and Universal Leadership in mind.

The division will need to monitor Accumulated Operating Reserves in future operating budgets to ensure that it maintains an appropriate balance between meeting the needs of students and the financial health of the district. The amount of reserves will be dependent on future financial resources and expenditure decisions made by the division

A summary of Parkland School Division No. 70 budgeted revenues, expenditures and operating reserves is shown on Schedule C.

Human Resources

Division staffing has the greatest impact on the educational opportunities provided to students within Parkland School Division No. 70 and consequently makes up 74% of the division's budget. Total salaries and benefits for the division increased by 1.25% over 2017-2018.

The division will employ 615.4 full time equivalent teachers and 449.0 full time equivalent support staff in 2018-2019. 2018-2019 will see an overall increase of 19.0 teaching staff and an overall increase of 5.1 support staff. School support staff will increase by 3.9. There is an increase of 1.19 in custodial staff. The increase in 2018-19 includes seven teachers seconded to Alberta Education and the division is reimbursed for the related costs.

Capital Plan

All new school facilities are funded from the Province of Alberta through Alberta Education in consultation with the Department of Infrastructure. Each year, school jurisdictions submit facility needs for the next three years and await funding and approval from the province.

The Board was pleased to receive approval for the replacement K-9 school for Stony Plain Central School in Stony Plain. The priority in year one of the Board approved Capital Plan is the modernization of Spruce Grove Composite High School. The year two priority is a new High School to be located in Parkland School Division.

A new K-9 School located in the Copperhaven subdivision in the City of Spruce Grove opened for the 2018-19 school year.

The Capital Plan for 2019-2022 is referenced for information purposes only, and does not form part of Parkland School Division No. 70's operating budget.

Parkland School Division No. 70
2018-2019 Final Budget
Final Budget Assumptions – September 2018

The following table outlines the assumptions used in developing the 2018-2019 operating budget, the basis for the assumption and the risk associated if the assumption is not correct or other factors influence the original assumption made.

Budget	Assumption	Basis for Assumption	Associated Budget Risk
Enrolment	Overall enrolment increase of 161 students (+1.45%) broken out as follows: Community A: -29 (-4.04%) Community B: +47 (+1.05%) Community C: +127 (+2.24%) Outreach: +16 (+6.43%)	Review of students is prepared by each school Principal using the principles of “Cohort Survival” and known information. Students automatically move by grade to the next grade in the upcoming year. ECS numbers are estimated based on current registrations and historical information.	Risk is low as actual enrolments are used at September 30 for the Final Budget.
Average CEUs	FTE enrolment is based on estimating the number of CEU’s earned at high school. FTE enrolment is projected to decrease by 22.68 FTE or 0.97% (See Enrolment Summary).	Average CEU per student is calculated by reviewing average CEUs earned over a three-year period, student transfers from feeder schools and assessing a reasonable amount using known information. The maximum funded credits is 45 credits per student.	If average CEU’s are below the estimate, there will be less revenue for the district and for the high schools. If CEU’s are higher than average, then there may be a disproportionate amount of revenue being retained by the high schools rather than being allocated under the budget allocation model.
Grant Revenues	Base Funding and Class size rates remained at 15/16 levels. Base funding increased 1.0% due to grade 1 to 12 enrollments. Infrastructure, Maintenance and Renewal (IMR) Grant is expected to decrease by 11.0%. 1.0M of IMR has been capitalized within the budget. The School Fees Reduction Grant (\$745K) and Transportation Fee Reduction Grant (\$263K) remain at the same as the prior year. The School Nutrition Grant increase by 37.6% to \$194K. The Classroom Improve Fund (CIF) Grant increased by 2.1%. All other grants remain unchanged.	The Provincial Grant rates are known and allocated to school jurisdictions to support approved education programs for students in ECS to Grade 12. Revenues are calculated using the applicable formulas, rates, and criteria from Alberta Education’s Funding Manual for School Authorities. The CIF grant expenditures are based on preliminary information, adjustments will be made in the fall budget.	As the total Provincial grant revenues are known there is no associated risk after passing the budget on this item.

Parkland School Division No. 70
2018-2019 Final Budget
Final Budget Assumptions – September 2018

Budget	Assumption	Basis for Assumption	Associated Budget Risk
Teacher Salary Costs	ATA Salary Increase TBD% Average teacher salary cost: \$90,510 Average teacher salary and benefits cost \$100,792 Grid movement cost \$1,502	Average salaries are used for all school based positions and are determined by advancing the experience grid of the current staffing. Principal and administrative positions include negotiated allowances as per the collective agreement. If province negotiates an increase to salaries the current budget assumes division will receive funding to offset it.	ATA collective agreement expired August 31, 2018. New agreement could include an increase in costs related to local negotiated items. Risk is high as 74% of budget is staffing.
Support Staff Salaries	CAAMSE = TBD% IUOE = TBD% NUG = TBD%	Average salaries are used for all school based positions and are determined by using actual salaries for current staffing.	CAAMSE collective agreement includes a wage reopener. IUOE collective agreement expired August 31, 2018. New agreement could include an increase in costs. Risk is high as 74% of budget is staffing.
Negotiated Benefits	ATA Employer Contribution 90% (Dental, Vision and EHC); 96.5% (EDB, Life, AD&D) CAAMSE, IUOE, NUG Employer Contribution 90%	ATA estimated based on current agreement. Support benefits known as agreements are in place.	ATA collective agreement expired August 31, 2018. New agreement could include an increase in costs. IUOE collective agreement expired August 31, 2018. New agreement could include an increase in costs.

Parkland School Division No. 70
2018-2019 Final Budget
Final Budget Assumptions – September 2018

Budget	Assumption	Basis for Assumption	Associated Budget Risk
Benefit Provider Rates - Teachers	ASEBP – The overall premium rates decreased by 1.5%. CPP costs to increase by 5.00%	As per March 2018 ASEBP Premium Rate notification for the 2018/2019 school year. The decrease of 1.5% is the result of Parkland School Division receiving a 5% discount for Life Insurance and Extended Disability as a result of claims history.	Risk that Parkland School Division could move out of a discount and into surcharge on Life and EDB or move into surcharge on EHC, Dental, or vision, which would increase costs. Risk is low as this is based on preliminary information from ASEBP.
Benefit Provider Rates - Support Staff	Sunlife – The overall premium rate increase for 2019 is expected to be minimal. CPP costs to increase by 5.00%		Risk that rates are higher than estimated as the aging employee population continues to put pressure on the Life and LTD claims. Risk of increase in health and dental claim utilization.
Pension Costs	Employer contributions for Alberta Teachers' Retirement Fund contributions are made by the Provincial Government. Local Authorities Pension Plan contribution rate is not expected to increase at January 1, 2019.	ATRF rate decreased to 11.29% LAPP Trustees review the actuarial valuations and assess rates accordingly.	None as fully funded by Provincial Government. Risk, if LAPP Board decides to implement mid-year increase, January 1, 2019.
Human Resources	Change in Staff – Full Time Equivalent (FTE) Certificated Staff = +18.97 FTE Support Staff = +5.07 FTE Total = +24.04 FTE	Site administrators enter each staff member into the budget by position. Staffing decisions are made according to availability of resources and delivery of educational programming and services	Risk is low, as student enrolments are known on September 30 th . There may be an increase in risk if the number of students with diverse learning needs rises and additional staff is required.

Parkland School Division No. 70
2018-2019 Final Budget
Final Budget Assumptions – September 2018

Budget	Assumption	Basis for Assumption	Associated Budget Risk
Services and Supplies Costs	It is assumed that Goods and Services Costs will not increase materially.	Site administrators enter expenditures into site budgets based on programming and support initiatives. Fuel expected to increase with new fuel tax.	Risk is medium as costs increase annually due to inflation but base funding has not increased since 2015-16 for inflation.
Utilities	Utilities have been budgeted based on estimated consumption and current rates.	Current contract rates were used and consumption was estimated based on past experience and knowledge of our operations people.	Risk is that consumption is higher than budgeted. As Copperhaven School is new its consumption is unknown
Carbon Tax	The carbon tax has been factored into the cost of utilities, fleet fuel, and contracted transportation.	The Carbon Levy rate was applied to the estimated consumption.	Risk is that consumption is higher than budgeted or there is an increase in other services and supplies as a result of suppliers increasing prices as a result of the tax.

Parkland School Division No. 70
2018-2019 Final Budget
Final Budget Assumptions – September 2018

Budget	Assumption	Basis for Assumption	Associated Budget Risk
Transportation Program	Transportation routes, costs and revenues have been based on actual bus registrations over the summer and this fall.	The cost of running the regional transportation system is not fully supported through transportation grants and transportation user fees. The Division is anticipating a deficit of \$576K in the transportation program. The regional transportation system includes of Evergreen Catholic, Wild Rose, Black Gold, Grande Yellowhead, St. Thomas Aquinas and Edmonton Public plus provides services to two private schools.	Risk that more routes will need to be added. The number of eligible rural, eligible urban and ineligible riders is different than projected resulting in lower revenues.
Operating Reserves	It is assumed that Operating Reserves will decrease by \$1.1M as result of schools utilizing prior year carryovers, utilizing reserves to support the deficit in transportation and the VOIP phone project in the schools.	The budget was prepared with schools utilizing \$148K of operating reserves that were the result of school surplus amounts from the prior year. \$577K was utilized from the Superintendent reserve to support Transportation. \$344K will be utilized for year one of the VOIP project.	Accumulated operating reserves are not sufficient to meet operational needs.
