MEMORANDUM

Date: February 7, 2017
To: Board of Trustees
From: Tim Monds, Superintendent
Originator: Claire Jonsson, Associate Superintendent
Subject: **MONTHLY FINANCIAL REPORT – PERIOD ENDED DECEMBER 31, 2016**

Recommendation

That the Board of Trustees approves the unaudited financial report for the period ended December 31, 2016 as presented at the Regular Meeting of February 7, 2017.

Background

The Quarterly Financial reports are part of the Accountability responsibility and authority of the Corporate Board, as defined and directed by Policy A3: Accountability. The Budget year for our Learning Organization commences September 1 of each year and concludes on August 31. Within the context of a full school year, Administration provides four Quarterly Financial reports as follows:

- First Quarterly Report (January)
- Second Quarterly Report (April)
- Third Quarterly Report (June)
- Audited Financial Statements (November – of the subsequent school year)

The Board will recall that in November 2016 it received and approved the Audited Financial Statements for the 2015-2016 school year. The Monthly Financial Statement included within this agenda is for the period ended December 31, 2016. The Audited Financial Statements for the current school year will be presented to the Board in November 2017. With each financial report, sites are expected to be at or below the percentage thresholds defined by the point within the budget/reporting cycle. The Financial Statements include details on any variances within any site reports that are greater than 2%. For example, the Transportation Site Budget will show a higher percentage used in all quarterly statements because the Transportation Department expends its annual budget over a ten-month period rather than a twelve-month period.

Administration would be pleased to respond to any questions.

Subject: **FIRST READING OF BY-LAW NO. 1-17, Rearrangement of the Electoral Wards and Trustee(s) to be Elected to Each Ward.**

Reference: *School Act* Sections 210 (d), 247

Recommendation

That the Board of Trustees of Parkland School Division No. 70 read By-Law No. 1-17, "*Rearrangement of the Electoral Wards and Trustee(s) to be Elected to Each Ward*", a first time this February 7, 2017.

Background

Pursuant to the School Act, RS 2000, Chapter S-3, s. 210 (d), the Board of Trustees seeks approval by way of a Ministerial Order setting out the boundaries of the new wards as described in the attached by-law.

In 2013, Parkland School Division's Trustees identified concerns with the current electoral wards. Specifically, it was felt that they no longer reflected the democratic principle of representation by population.

The Board recognizes that, once elected, Trustees represent the entire School Division. Parkland School Division's Board already reflects this principle, with many Trustees acting as the primary contact for schools outside their Wards.

In early 2015, Parkland School Division's Board engaged Russell Farmer and Associates Consulting Ltd to support a review of the current ward structure, and to provide options for realignment.

The Trustees assessed options trying to balance the principle of representation by population with the challenges of representing large geographic areas of the School Division.

The Board considered several potential models before identifying an option that it believes achieves the desired balance.

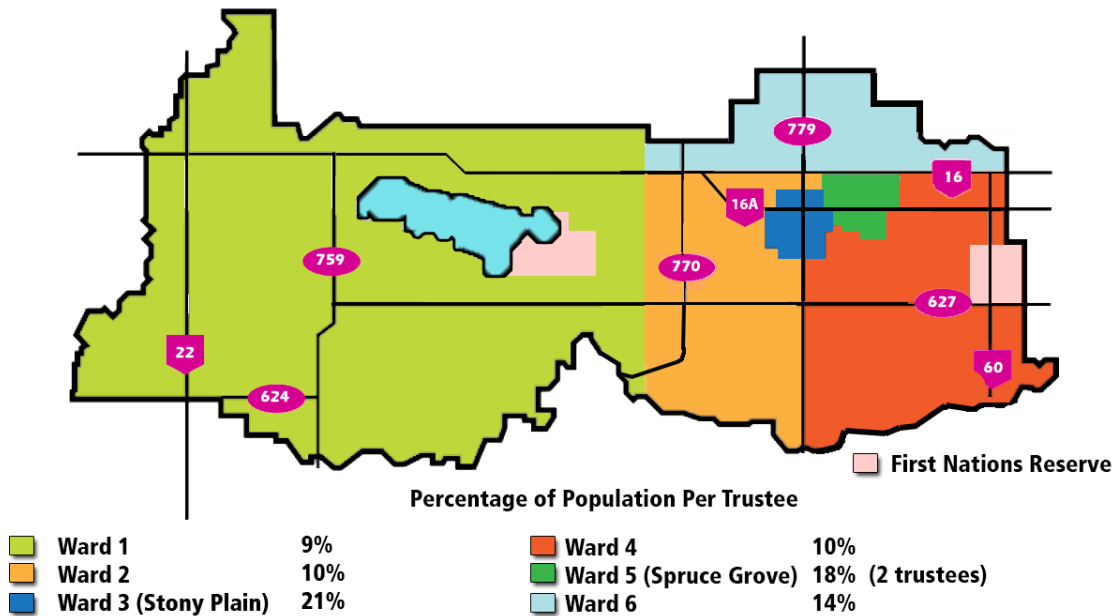

Highlights of the proposed model include:

- Adjusted electoral boundaries that address the current disparity in population between wards
- Retaining a total of seven (7) Trustees for the School Division
- A move from four (4) to three (3) Wards outside the large urban centres of Spruce Grove and Stony Plain, and an increase from three (3) to four (4) trustees representing the large urban centres
- Stony Plain to be represented by one (1) trustee
- Spruce Grove to be represented by three (3) trustees
- “Room to Grow” has been built into the model to ensure that anticipated population growth will allow the proposed Wards to meet the School Division’s needs into the future.

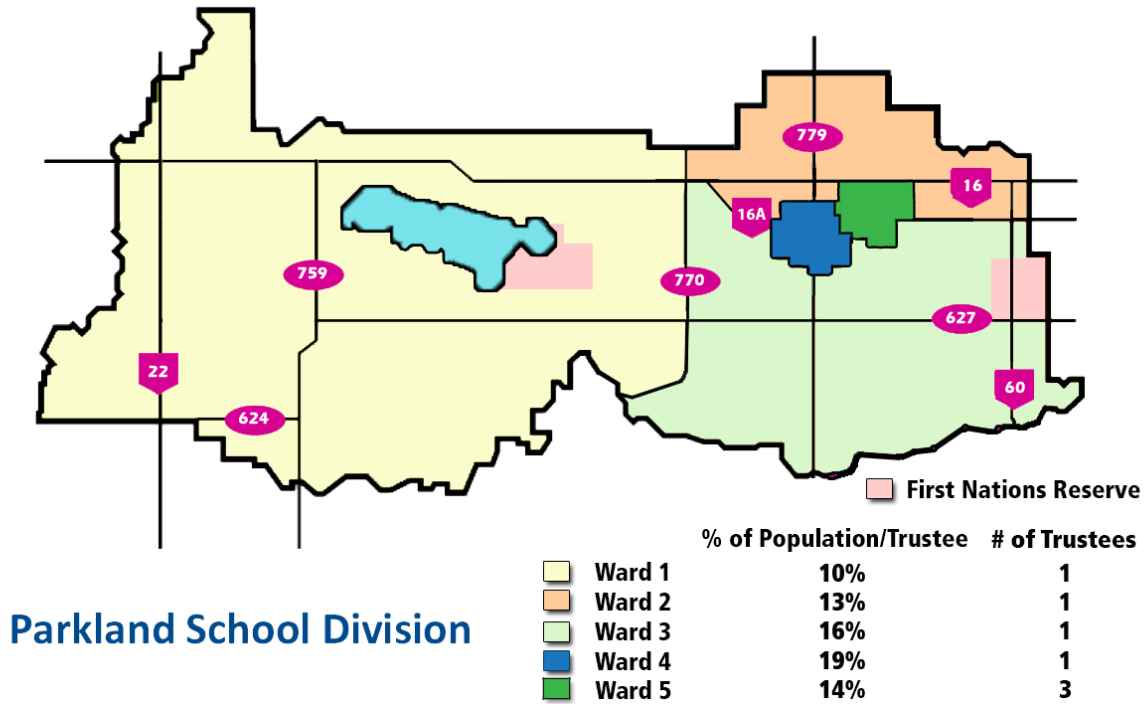

Percentage of Population Per Trustee

Ward	% of Population (Current)	% of Population (Proposed)
1	9%	10%
2	10%	13%
3	21%	16%
4	10%	19%
5	18%	14%
6	14%	n/a

Existing Wards

Proposed Model

The Board of Trustees directed Administration to collect feedback on the proposed changes in electoral boundaries at the Regular Board Meeting of November 3, 2015. Trustees presented the proposed changes at municipal council meetings with the City of Spruce Grove, Town of Stony Plain and Parkland County. The proposed changes were also shared at School Council meetings and an online feedback form was available on the website for further public input. Concerns relating to ensuring representation in Stony Plain and Spruce Grove culminated in revisions to the proposed ward structure. The Board of Trustees is now required to request approval of the minister for the redivision of wards from six (6) to five (5) with the total number of Trustees elected to wards remaining unchanged at seven (7).

Administration would be pleased to respond to any questions.

MEMORANDUM

Date: February 7, 2017
To: Board of Trustees
From: Tim Monds, Superintendent
Originator: Scott Johnston, Associate Superintendent
Subject: **2016-2017 CLASS SIZE REPORT**

Recommendation

That the Board of Trustees receives as information the 2016-2017 Class Size Report as presented at its Regular meeting February 7, 2017.

Background

As part of the re-engineering of the Small Class Size Initiative grant, Alberta Education continues to implement differential Basic Student rates as a component of base instruction for ECS, Grades 1-3, as well as differentiated rates for specific Career and Technology Studies (CTS) courses.

Alberta's *Class Size Information System* is available for calculating class size averages at the school and jurisdiction levels. Boards are required to use the Jurisdiction Report generated by the Class Size Information System to post their annual class size survey results with their Annual Education Results Report each year.

Class size funding is based on a per student grant. The Class Size Initiative funding formula focuses on:

- reducing class sizes in Kindergarten to Grade 3, and
- enhancing funding for specific Career and Technology Studies (CTS) courses to address safety and teacher/student ratios.

The Alberta Government does not specify a maximum class size. Schools and school boards are in the best position to determine classroom organization that supports parent and student educational choice.

The class size funding formula allocates funds based on a specific grade level or specific CTS courses. School jurisdictions have the flexibility to hire or retain teachers in any grade based on local needs. This approach allows a more strategic and flexible approach for local boards in their decision making.

Class size averages measure the actual number of students being taught by a certificated teacher in one classroom. Class size averages are therefore typically higher than student/teacher ratios. Student/teacher ratios measure the ratio of students to all professional staff that provide classroom services and support. Student/teacher ratio includes counselors, teaching assistants, librarians, principals and central office staff.

MEMORANDUM

Date: February 7, 2017
To: Board of Trustees
From: Tim Monds, Superintendent
Originator: Shauna Boyce, Associate Superintendent
Resource: Serge LaBrie, Director Facilities Services
Subject: **OCCUPATIONAL HEALTH & SAFETY REPORT**

Recommendation

That the Board of Trustees receives as information the Occupational Health and Safety Report as presented at its Regular meeting February 7, 2017.

Background

Parkland School Division takes workplace health and safety very seriously. It is the responsibility of Parkland School Division to attend to the details of the Occupational Health and Safety Act and regulations and to respond to all changes to the Act and the Code which occur on a regular basis (every 6 to 12 months). We continue to see great benefit to having Occupational Health & Safety expertise on our team. Included is an overview of the developments that have been accomplished in the past year.

Administration would be pleased to respond to any questions.

Occupational Health & Safety Report

FEBRUARY 2017

Presented to Board of Trustees, February 07, 2017

Shauna Boyce, Associate Superintendent

Resource: Serge LaBrie, Director Facilities

Employers and employees are now well versed in the Occupational Health and Safety Act. Both partners are expected to adhere to stricter codes of conduct in an on-going effort to protect employees from workplace incidents. The Occupational Health and Safety Act continually evolves as required by industry and government.

Workplace incidents within Parkland School Division can result in Worker's Compensation Board (WCB) claims or Alberta School Employee Benefit Plan (ASEPB) claims. These claims make a significant impact on Parkland School Division. There is always a human impact.

Financial implications can present in a number of ways: increased premiums, and cost of replacing staff for both short term and long term injuries. Prolonged claims can have a significant impact on teaching and learning. We always work to reduce class disruption and to support student learning.

Parkland School Division has had a comprehensive health and safety program for several years and is now well into the maintenance stage of the program. Various PSD departments are involved in monitoring the program while working with managers and administrators to ensure compliance with the OH&S Act. Occupational Health and Safety has become part of the culture at Parkland School Division.

Purpose of Parkland School Division's Occupational Health and Safety Program:

- To assist Parkland School Division in meeting or exceeding legislated requirements as set out in the Alberta Occupational Health and Safety Act and Code
- To provide guidelines and standards that will address the safety of all staff, students, contractors, volunteers and visitors in an ongoing manner.
- To provide on-going health and safety training for all staff in order to increase awareness.

An effective Health and Safety program will often result in:

- Cost savings because of fewer WCB claims
- Less disruption for students because of fewer staff claims

Current Progress:

This past year the following tasks were completed:

- Assisting all administrators with proper usage of the PSD Health and Safety Manual including Safe Work Procedures
 - Assisted all administrators in updating their site specific emergency response plans.
 - Some of the Health and Safety training courses are completed on a yearly basis such as:
 - Health and Safety Orientation
 - Hazard Assessment Training
-

- Other training modules are completed every two or three years such as:
 - Employee Accident & Exposure Reporting
 - Reporting a Safety Hazard
 - Slips, Trips and Falls
 - WHMIS
- Claims are reviewed on an ongoing basis (HR),
- Investigations are conducted when required (Administrators) and,
- Safety concerns are rectified in a timely manner (Facilities).

Looking ahead:

Occupational Health and Safety is an on-going commitment for employers. The Act and Code continue to evolve from year to year. Naturally this necessitates that an employer's Health and Safety Program will change and evolve to meet or exceed the legislated requirements.

CALL TO ORDER

The meeting was called to order at 9:00 am by Sally Kucher-Johnson, Chair of the Education Committee, followed by a welcome and introductions.

ACTION ITEMS

- Dr. Jody Carrington, Registered Psychologist, provided a presentation titled “The Power in Being Crazy about Kids in the Classroom: How School Staff are Life Changers”.
- This workshop was focused on the importance of understanding and harnessing the power of relationship.
- Educational staff has the power to be crazy about kids. This power can be life changing.
- Dr. Carrington reminds us that “the only way to our student’s minds is through their hearts.”
- This presentation is timely because as the mental health crisis in our classrooms grows, we need to become mindful of the importance of looking after ourselves, and in other in this process.
